Proposed Solution Template:

Project team shall fill the following information in the proposed solution template.

S.No.	Parameter	Description
1.	Problem Statement (Problem to be solved)	Students find it difficult to understand complex topics, get quick answers, practice, and revise study materials in one place.
2.	Idea / Solution description	EduGenie is an AI-powered learning assistant that provides simple explanations, answers questions, generates quizzes, summarizes study materials, and recommends learning paths using Google Gemini.
3.	Novelty / Uniqueness	EduGenie combines Q&A, concept explanation, quiz generation, summarization, and learning path recommendations in a single learning assistant.
4.	Social Impact / Customer Satisfaction	Helps students learn easily, save time, understand difficult topics, and practice effectively.
5.	Business Model (Revenue Model)	Freemium model: basic learning features can be free, while advanced features can be offered through a paid plan.
6.	Scalability of the Solution	EduGenie can be scaled to support more students and additional learning features. The system can handle more users by using cloud services and can be expanded with multilingual support, voice interaction, mobile applications, personalized learning, and more educational features.
